

TYRANNY AND MURDER RULING NOW IN RUSSIA

Bolsheviki Have Created a Reign of Terror in Central Part of Country That is Most Tragic.

WASHINGTON, Sept. 18.—Information reaching the state department Tuesday from a neutral country threw new light on the situation in central Russia, where a reign of terror conducted by the bolsheviki has made the position of the populace tragic in the extreme and is endangering the citizens of the entire country who have been unable to leave the country.

Declaring that the outside world cannot have a true conception of the actual conditions, the dispatches said that since May the bolsheviki extraordinary commission against the counter revolution has conducted a campaign of wholesale murder. Thousands of persons have been shot without even a form of a trial, it was said, and many of them probably were innocent of the political views for which they were executed.

The assassination of M. Uritsky, head of the commission against the counter revolution, and the attempt on the life of Premier Lenin were direct results of this condition of tyranny, said the dispatches. Besides the 500 persons who were shot in connection with the death of Uritsky, a large number of persons are held for execution in the event that further attempts are made on the lives of the bolshevik leaders.

Prisoners Are Crowded. A general search is being made of the homes in Moscow of the well-to-do and of former officers in an effort to secure any shred of evidence upon which to make arrests, said the dispatches. The prisons are filled to overflowing and executions continue daily. In many cases it was said, sentences are passed upon the slight grounds that the accused might be dangerous to bolshevik power.

In addition, irresponsible and vengeful gangs are venting on in-

nocent persons their desperation over the daily declining power of the bolsheviki, while the socialists, who are opposing the soviet government, have adopted the same methods that they once used against the tyranny of the imperial government.

All newspapers in Moscow, except the bolsheviki organs, have been suppressed since July 1, the dispatches added, and in these are to be published names of persons executed or held prisoners in connection with the killing of Uritsky.

WILL STOP BREWING BEER FROM CORN AND RICE OCTOBER FIRST

WASHINGTON, Sept. 18.—Use of any foodstuffs except barley, malt and hops in the brewing of beer and near beers after next Oct. 1 is prohibited by a proclamation signed Tuesday by Pres. Wilson. The president previously had ordered the brewing of all beer stopped next Dec. 1. It is understood that the purpose of the order is to conserve stocks of corn and rice, which in recent years have been largely substituted for barley in brewing.

In announcing the new order, food administration officials said today that even after the breweries are shut down Dec. 1, they will have on hand in their vats sufficient stocks of beer to last from two to six months. The sale of this will not be prohibited.

MINERS STUBBORN AND COAL OUTPUT REDUCED

READING, Pa., Sept. 18.—There was a reduction of many thousands of tons of anthracite coal in the amount mined in the Schuylkill region due to the strike of miners in 26 collieries. The men ask for a wage scale equal to that of the bituminous miners. The fuel authorities at Washington have the request under consideration, but Director Garfield is reported as having declared that he will not act upon the request while the miners are idle.

Yesterday the Reading company loaded about 800 cars at the breakers, but today the number was much less.

The workers are reported to be in a stubborn mood. Leaders are urging them to return to work, and it is believed that their judgment will prevail and that all of the idle mines will resume in a day or two.

THEATERS

AT THE OLIVER. "Common Clay" will be seen for the last time tonight at the Oliver theater, for tomorrow afternoon Mr. Williams presents Cecil Spooner's latest stock release, "My Irish Cinderella," a story of a second "Peg O' My Heart." In fact our little Cinderella might be called the "Peg" of all our hearts, for every one who sees her is charmed, so adorable is her winsomeness, so delightful her fund of Irish wit. The "Peg" in both the plays might be twin sisters with similar experiences, for they both are lifted from poverty to affluence and both have red curls and Irish eyes. Mr. Williams deems it a stroke of good fortune inasmuch as he is the first stock man to secure the rights to "My Irish Cinderella" for a stock production, as it is still running at the Grand theater in Brooklyn, N. Y. There will be special stage settings throughout. A particular feature will be made of the Saturday matinee, for the children love "Peg" and her trials and tribulations, and will be heartily welcomed. There will be a final performance Saturday night.

AT THE AUDITORIUM. One of the most human, most tender stories of a young girl's loyalty and devotion under the trying ordeal of two noble men's love, will be shown in "Bonnie Annie Laurie," today's feature at the Auditorium. The title role is played by Peggy Hyland. In the new photodrama, this charming actress portrays a winsome Scotch lassie who is the affianced bride of a gallant Scotch captain. While the latter is at the front, she saves the life of a shipwrecked stranger who wins her true heart's love and later proves to be an American officer who has forgotten his own identity. Cast out unjustly by her stern father, Bonnie Annie finds solace in ministering to the wounded soldiers of the allies, and it is then her rival lovers are brought to her, blinded and injured. How a sudden turn of fate deepens her cruel dilemma, and how she finds true peace and happiness in the end, are big features of the piece. Mutt and Jeff, a single reel comedy, and the Pathe news of the latest events of the war and other subjects of interest, are also on for today. Edith Storey, one of the best actresses in pictures, will be seen tomorrow in "The Silent Woman," a gripping five-reel drama. "The House of Hate" and the official war review will be shown, too.

AT THE CASTLE. A clever burlesque on "The Kaiser, Beast of Berlin," is shown at the Castle theater today and tomorrow. This is a side-splitting comedy entitled "The Geezer of Berlin," produced in two laugh-provoking reels, and one that will be found entirely different from any comedy ever shown. This vehicle hits the old Potsdam pirate squarely between the eyes and brings out clearly the reason why Kaiser Bill has become the laughing stock of the entire universe. From start to finish it is a farcical scream. On the same bill will be seen a five-part drama entitled "Fires of Youth," and starring Ruth Clifford. The old problem which arises when a youthful maiden is married to an elderly man whom she does not love, forms the theme.

AT THE ORPHEUM. Final showing of the present Orpheum bill which features Add Hoyt's Minstrels, will be given at that theater today. Included on the excellent program are Frank Morell, a clever monologist and singer, Lorraine and Bannister, comedy sketch artists, Harris and Nolan, two girl musicians, and the Two Little Johns, comedy jugglers. Beginning tomorrow the new vaudeville bill is headlined by the Pereira Sextette, introducing Paul Perot, the famous Portuguese violinist. Torcat, assisted by Flor D'Alia, present the only troupe of trained roosters in the world. The Ruth Howell trio of sensational aerialists, Amelia Caire, a petite comedienne, and Johnson and Baker in lightning flashes of vaudeville wit, make up the bill.

FOLLIES FAVORITE IN PLEASING PICTURE. Ann Pennington has made a

name for herself with Ziegfeld's "Follies." In pictures she is making her mark. At the LaSalle today in "Sunshine Nan," she demonstrates her ability to do serious acting. The story starts in the slums and ends with everybody prosperous. Some good dramatic situations are evolved and many realistic characters of the poorer sections of a big city are represented. Nan is a tom-boy who likes an alley "scrap." It takes a reform school education to improve her. John Hines, always well liked in films, has a congenial role working in harmony with the clever little star and Richard Barthelmess plays a sort of boyish villain. He has been seen in leading roles with Marguerite Clark. The picture is a pleasing one and the Outing-Chester dog subjects are entertaining.

Thursday: "The Biggest Show on Earth," with Enid Bennett.

TRUMAN H. NEWBERRY SPENT \$176,568.08 IN MICHIGAN PRIMARY

DETROIT, Mich., Sept. 18.—Truman H. Newberry, commander of the third naval district, defeated Henry Ford, Chase S. Osborn and William G. Simpson for the republican senatorial nomination of the Michigan primary election Aug. 27. Mr. Ford, who made the race on both republican and democratic tickets, won the democratic nomination from James W. Helme of Adrian.

Complete figures on the republican primary were given out at the state capital in Lansing Tuesday. They show that Newberry received 114,953; Ford, 71,800; Osborn, 47,019; and Simpson 5,936 votes. The statement of receipts and disbursements of the committee that conducted the campaign for Newberry was filed with the county clerk here Sept. 7. It showed expenditures of \$176,568.08, the biggest item of expense being \$147,860 for newspaper advertising. John S. Newberry, a brother of the candidate, was listed as the largest individual contributor with \$59,300.

Real Wonder-Worker For Wrinkled Faces

Those who have tried all sorts of so-called "wrinkle-removers" in a vain effort to lose those unwelcome traces of age, illness or worry, can scarcely find words to express their delight with the wonderful saxolite formula, once they have given it a trial. The success of this method is due not alone to its marvelous effectiveness—upon the deepest lines and crowfeet as well as upon the very fine ones—but also to its startlingly quick action and its entire harmlessness. Its simplicity and its inexpensiveness are other commendable features, for one need only dissolve an ounce of powdered saxolite in a half pint with lard, and rub the face in this solution. At once a remarkable transformation is beheld. It is not only the effect on wrinkles and creases that is so noticeable, but facial contour is remarkably improved, and the face looks much younger. One should be sure to ask the druggist for the powdered saxolite. The lotion, being so refreshing, is particularly grateful to tired faces.—Adv.
